

Christ Church
Chislehurst

Joining in God's mission of transforming lives through Jesus Christ.

Dear Parents/Guardians,

As a team we have recently sat down together and have spent some time reflecting over the past 12 months, and what a year it has been.

Numbers across the groups have gradually increased, and more importantly relationships have grown even deeper. We have done so much including; spending a week at Soul Survivor, going on a very wet weekend away, competed fiercely in the Cheese, Wine and Quiz Evening, visited other Churches for services and cooked a delicious meal for families. Not to mention having a birthday party for everyone, trying our hands at tie-dye t shirts, personalised plate painting and much, much more!

We're already really excited for next year with new faces, new ideas, and not to mention the launch of Saturday Trips!

These trips and activities from the last year have been exclusively funded by yourselves and the congregation here at Christ Church. Thank you! The Church does not receive any funds from other organisations, including the Church of England itself.

As such we are hoping that you would consider contributing to a Youth Work Fund. This would enable us to subsidise the cost of trips and activities for those who may not be able to afford them, or to buy new equipment.

Many of you give very generously towards the Church and if you felt you could give over and above that to support Engage, we would be incredibly grateful. You may want to make a one off donation to support the work we do, or potentially set up a more regular donation.

If this is something that you would consider please do get in touch, and I can give you the forms/bank details to make a donation.

Again we are so thankful for your continued love and support.

On behalf of the whole youth team,

James Leavy

Youth Minister
